Dear team of the Schlacht um Otzenhausen,

We would like to apply for a performance slot at your festival with our band Behind Your Fear . As a female fronted Gothic Metal band featuring experienced musicians and a powerful live presence, we are confident we would be a strong and fitting addition to your lineup.

Behind Your Fear was founded by musicians who have played in well-known bands such as Flowing Tears, Victory , and Crimson Moon —acts that are respected names in the scene. This collective experience is clearly reflected in both our sound and our stage performance.

Most recently, we won the Classic Rock Radio band contest , which led to a celebrated performance at the renowned Hexentanz Festival , where we shared the stage with acts like Versengold, Subway to Sally , and Orden Ogan , among others. The enthusiastic response from both the audience and the organizers has further strengthened our ambition to bring our music to even more stages.

Our sound blends dark melancholy with driving heaviness—emotional, intense, and captivating. A live experience that resonates with fans of Gothic, Metal, and everything in between.
