SONS OF HADES RELEASE DEBUT ALBUM "TOMBS OF THE BLIND DEAD"

FOR IMMEDIATE RELEASE

Greek black and heavy metal upstarts Sons of Hades have officially unleashed their debut full-length album, *Tombs of the Blind Dead*, out now worldwide via Floga Records.

Following the release of their previous video

single "Ghost Galleon," and "The Omen" the band presents a 10-track offensive that marks an unyielding collision of old-school black metal spirit and classic heavy metal riffcraft.

To celebrate the full album launch, the band is highlighting the focus track "Phantom Carriage". Built on pin-sharp guitars, charging rhythms, and a shadow-soaked atmosphere, "Phantom Carriage" balances aggression and melody in true underground fashion. It stands as a warning shot, proving that Tombs of the Blind Dead has arrived with teeth bared.

The album was recorded, mixed, and mastered at Ignite Studio, ensuring a production that remains razor-tight while honoring the raw conviction of early extreme metal. The cover art was created by underground legend Dimitar Nikolov.

"Tombs of the Blind Dead" Tracklist:

- 1.The Omen
- 2.The Fall of the House of Usher
- 3.The Marsten House
