Dear Festival Team,
I'm Véronique, drummer of KRATON from Luxembourg. Since 2011, we've been crafting a sound rooted in death metal, enriched with post, doom, and extreme metal influences.
Our latest album, MONOLITH, was released on November 9, 2024. On September 15, 2025, we will release our new single Spiritualité Sombre on all platforms, along with a live performance video. We have just returned from a UK tour with shows in Bristol, Newport, London, and Ipswich, and are now looking ahead to festivals in 2026.

We would be honored to be part of your lineup and are happy to provide any additional information.
Best regards,
Véronique
